

HAPPEL, James R.

B: 17 October 1920 Paulsboro, NJ

D: 1 June 1970 Berkeley Heights, NJ

"I fired a three second burst...at approximately 400 yards and noticed a good strike in the wing root. He turned to starboard and.. I fired another burst getting a few more good strikes in his wing root and engine...I kept closing and noticed fire coming from his engine. The pilot jettisoned his canopy and bailed out. His 'chute just opened and he hit the ground."
