

RINEBOLT, Richard J.

B: 14 September 1922 Bradner, OH

D: 14 April 2014 Findlay, OH

"At this time a 109 came in from my left and I broke into him but had to use my flaps to get behind him. He started into a dive and I began to fire and observed strikes in the right wing root. The E/A pulled up towards me then started down with smoke streaming from his right wing. As his dive increased his canopy came off. Shortly after this I saw a chute open."
